

Pro Technologies Private Limited

## App Developer

---

### Responsibilities

We're seeking a creative iPhone and Android mobile application developer who thinks outside the box and can push the limits at times! We're looking for someone who's as passionate as we are about mobile apps for the iOS and Android platforms and has a seriously badass portfolio to prove it.

You will be involved in every step of the development process, from brainstorming product ideas, to pushing apps out the door. You will also contribute to our existing portfolio of mobile apps and will help maintain these apps to ensure they continue to function flawlessly across new iOS and Android releases.

### Must have requirement

- 2+ years of overall iOS & Android development.
- Strong understanding of software best-practices as it applies to mobile application development
- Experience with mobile delivery and integration of application systems with Windows Store, Google Play, Apple App Store.
- Experience with mobile based technologies with a combination of the following: Windows Phone, Win8 Apps, Xamarin, iOS, Android, PCLs, PhoneGap, NativeScript
- Strong Objective-C skills and inside-and-out knowledge of the iOS SDK.
- Strong Java skills with extensive knowledge of the Android SDK
- Exceptional organizational and project management skills.

- Demonstrated success in defining and launching mobile apps..

It doesn't matter where you went to school, or if you even graduated. It doesn't matter if this is your first job or your fifth. Doing great work and being driven to improve yourself and everything you touch is what matters to us at Xtech!.

We are open to the possibility of this position being remote, given the right individual and circumstances. We are also open to recent CS grads, which may not have 2+ years of experience yet.

If you are interested in learning more about this position, please respond with your resume, project experience, and any additional questions you may have.

- We only accept your application via **'info@xtechpro.co.in**
- Please include [**Web SEO Professional**] in the email title.

{ **Note - No recruiters or phone calls please.** }
